Important instructions for Pre-school admission 2019-2020

Dear Parents,

This is to notify that the school will strictly follow the time line given on the school website for the process of document verification and fee deposit for Pre-School admission. Please visit our school website to check your time slot and be in the school on time. Also note that no changes in the time slot will be given under any circumstance.

The existing fee structure is according to 6th CPC expenses. A proposal for 30% fee hike is being sent to the DOE (PSB) which if granted then there will be change in the fee structure to meet the establishment expenses of the school.
