

Project on Environment

Compulsory

1. Each student will save every seed possible and plant and nurture them in creative recycled pots (ultimately they will plant them in public places during monsoon season). The nurtured pots will be deposited in the school as holiday home work.

Prepare charts on the following topics :

1. Our mother Earth
2. Animals are our friends
3. Save Sparrow
4. Use of Renewable Sources of Energy
5. E-waste a menace
6. Global warming
7. अक्षय ऊर्जा
8. नदियों का संरक्षण
9. स्वच्छ भारत
10. हरियाली एक आवश्यकता

Best out of Waste

1. Make animal masks.
2. Make useful items / decorative items with waste material (Pen stand, calendar, wall hanging or an other innovative item).
