Dear Parents

Summer holidays are that time of the year when you get an opportunity to spend lot of quality time with your child. Following are a few important suggestions which will help you make the best utilization of the summer holidays:

✓ Make a time-table of the daily routine of your child. For example, watching TV, playing outside, revision of concepts etc. Allot time slots for each and encourage him/her to follow it.

✓ Revise the following rhymes.

**English**

- Thank you God.....
- Here we go round the mulberry.....
- Out in the garden.....

**Hindi**

आओ बच्चो आओ.....

✓ Have daily conversation on at least one good value, a safe environment tip and a healthy eating habit.

## Language Development

- Encourage your child to converse in English.  
Narrate simple stories to your child; ask to recall some characters and incidents of the story by asking simple questions related to the story.
- Encourage your child to use magic words like 'thank you', 'please', 'excuse me' and 'sorry'.
- Make him/her learn to write his/her name, father , mother and sibling's name(if applicable)
- Introduce story books/ picture books to your child and discuss the things seen in the pictures as well as the lesson learnt from the story. Encourage your child to weave a story with a little encouragement from you. The same may be animated by you for a great learning outcome. Make him/her learn any one story with actions for Story Telling Activity after the vacation.
